# İL-XACSL...Series Q100

## Solar Warning Lights

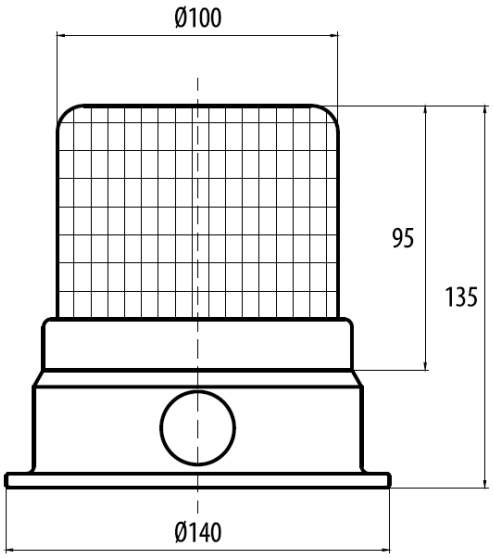

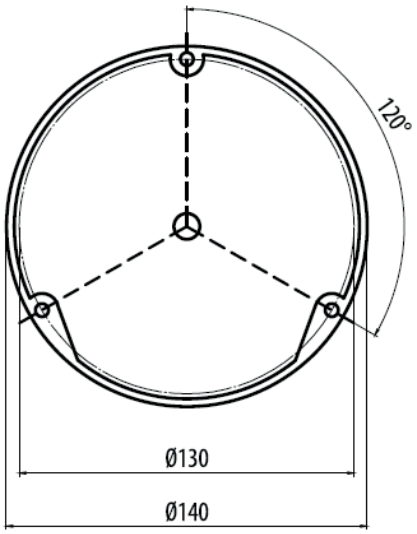

Temperature | High IP value | Shock / Vibration resistant | Magnetic field proof | SMD LED Light

### Technical Data - Electrical Ratings

| | |
|---|---|
| Solar Panel | 1W |
| Power Consumption | <<1W |
| Light Colors | Red(ICAO Standard)(Ask for other colors) |
| Signal Type | Strobe |
| Dimensions | 110 x 139 x 135mm |
| Weight Approx | 355g |
| Luminous Intensity | 40cd |
| Operation Life | 36h without sunlight at full charge |
| Protection | IP65 |
| Body Material | ABS |
| Mounting | Base Mount(Ask for custom mounting options) |
